For

PRIDE IN OUR STRIDE

The schedule has been set and all the kids are excited for our fourth year of Pride in our Stride. It is a unique day for celebrating our school, raising student activity funds and keeping our bodies healthy.

We would all enjoy the company of parents and guardians to cheer on the kids, help count laps, or even move around the field as part of the school community. Due to weather and last minute needs times may need to be adjusted (four years ago it snowed!)
